

**Platform Statement for Tess MacMillan
Education Council Chair**

Langara is facing much disruption, both externally and internally, and in the face of this, it is important to continue to have a strong Education Council. I would like to continue the work I have been doing as Chair for another year as I believe I can continue to provide leadership in this position. Some of the Education Council accomplishments of the last year include formalizing a process for Education Council to provide advice to the Board on suspended or cancelled programs and initiating greater communication between Education Council and the Provost. Also, I, along with others, are investigating the addition of a new Educational Council subcommittee that would take on the role of reviewing and advising EdCo on new and updated policies. But perhaps most importantly, I will continue to run efficient, well-organized meetings with the invaluable help of Susan Smith, Education Council Assistant.

**Platform Statement for Antonella Alves
Education Vice-Chair**

I am honored to accept the nomination to serve an additional term as Vice-Chair of Education Council. Langara is facing many challenges in today's ever changing post-secondary sector and needs experienced leadership on Education Council. I bring many years of institutional knowledge plus the creativity to ensure we are able to meet these challenges. I value open communication and collaboration and look forward to supporting the Chair and EdCo members. Thank you for your support.
